VeriPlan™ - Your Personal Financial Lifecycle Planner™ . VeriPlan is the most powerful and cost-effective personal financial planner for do-it-yourself lifetime personal financial planning. VeriPlan can give you significant insights into your most important financial planning decisions. With VeriPlan, you can simply make much better and more informed personal financial decisions. VeriPlan automatically projects fully integrated financial scenarios across your lifetime. These instantly generated projection scenarios use your lifetime income, expenses, debts, investment assets, investment returns, and investment costs. VeriPlan automates the financial planning process for your retirement income, pensions, annuities, Social Security payments, retirement expense budget, retirement taxes, and tax-advantaged retirement plans. In addition, every projection automatically reflects the U.S. federal, state, and local taxes that apply to you. With VeriPlan you can focus on deciding what would be best in your particular situation. Behind the scenes, VeriPlan automatically does all the computational heavy lifting for you. VeriPlan does not take shortcuts with your future. Through its standard graphics and data tables, VeriPlan gives you the detailed information that you need to improve your personal financial decisions. VeriPlan can help you to save thousands of dollars annually. You do not need to be wealthy to save with VeriPlan. More modest near-term savings can rapidly escalate into saving thousands of dollars annually in future years.
